1. Getting started

Welcome to ChiroThinTracker. This guide walks you and your clinic team through the portal.

- 1 Log in with your username and password.
- 2 Open My Clinic Page to add your locations and chiropractors.
- 3 Copy your intake link and share it with new patients.

2. Enrolling patients

Patients enroll themselves through your clinic intake link.

- 1 Share the intake link by email, text or on your website.
- 2 New patients appear in Patient Summary marked New.
- 3 Open a patient and confirm their start weight and goal.

3. Daily logs

Daily logs show how each patient is doing between visits.

- 1 Open a patient card to see the latest logs.
- 2 Scroll right for older logs, or add one with Log progress.
- 3 Check the flags on the roster for patients who need attention.

4. Sessions & treatments

Track treatment packages and every session in one place.

- 1 Open the Sessions area on a patient card.
- 2 Choose a session type and record the date, weight and notes.
- 3 Body measurements are compared first vs. latest.

5. Messages & notes

Keep in touch with patients and keep private notes.

- 1 Messages from patients show on the Messages page.
- 2 Notes are private, only you can see them.
- 3 Pin an important note to keep it at the top.

6. My clinic page

Manage your locations and the chiropractors on your team.

- 1 Add a clinic location, then assign chiropractors to it.
- 2 Invite a chiropractor or health coach by email.
- 3 Block a chiropractor to remove their access at any time.
